FLORIDA SOUTHERN COLLEGE

THE ALMA MATER

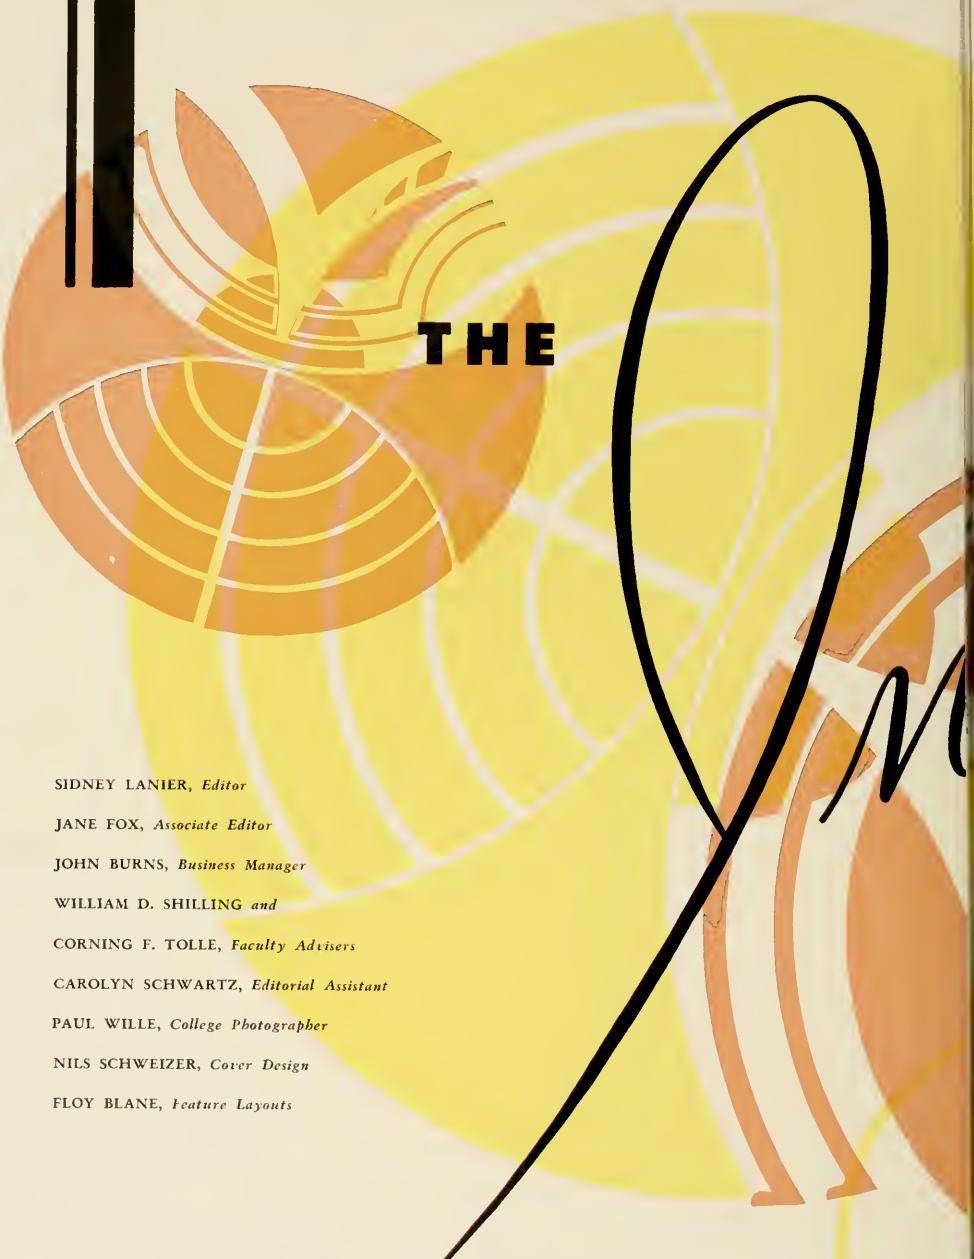

Orange groves o'erspread her campus,
Chimes her hymns intone,
India greets across the garden
Southern's mystic throne.

CHORUS

Florida Southern, thee we love;
Thee we'll never fail.
Hail to thee our alma mater,
Hail to Southern, hail!

II

Stately walls alone can never
Compass learning's goal.
Heart to heart must pass the token
Soul inspirit soul.

DEDICATION

One never walks alone . . .

. . . Down through the years.

THE 1958 INTERLACHEN

DR. AND MRS. LUDD MYRL SPIVEY

Whose years of devotion and service have given us a great college

In this life, there is always a beginning and an ending.

The ending at the beginning seems far, far away. The beginning at the ending seems like only yesterday.

So it is with this dedicated couple. For more than 32 years, their footsteps echoed over the orange grove campus which is Florida Southern College.

In 1925, the beginning was a most humble one. There were two buildings overlooking Lake Hollingsworth. There were few students and great debt.

As the months faded into years and as the years passed into decades, there were moments of gladness and there were hours of sadness. There was success; there was failure. At times, the sun was brilliant. At times, the clouds gathered low.

Through it all, there was devotion to a college . . . the kind of devotion that will not die nor give way to despair.

A great college now stands on the orange grove hillside. It will ever serve as a monument to Ludd Myrl Spivey and Louise Helmkampf Spivey who achieved with determination, diligence, inspiration and toil.

In appreciation to the educator, who had a great dream, and to his lady, who helped him fulfill it, the students, faculty and administration of Florida Southern College gratefully dedicate the 1958 Interlachen.

President Spivey and his Lady.

A farewell but not a good-by.

DR. P. M. BOYD

A Citation For Service

For many years of outstanding service to Florida Southern College, the 1958 Interlachen takes pride in presenting Dr. P. M. Boyd, vice chairman of the Board of Trustees, and in citing this leading member of the Florida Methodist Conference for meritorious contributions to our Alma Mater.

With quiet dignity, Dr. Charles T. Thrift, Jr., assumed the Presidency of Florida Southern College on December 16, 1957.

The 12th President in FSC's 73-year history, Dr. Thrift came to the College in 1940 as Professor of Religion. Six years later, he was named Vice President.

There will be many great tasks ahead. But trustees, faculty, alumni and students are all confident that Florida Southern will continue to move ahead under Dr. Thrift's guidance.

The 1958 Interlachen offers congratulations and best wishes for many, many years of successful administration.

THE MASTER ARCHITECT OF THE TWENTIETH CENTURY

Frank Lloyd Wright and his Lady.

FRANK LLOYD WRIGHT

Time is the usual yardstick with which to measure greatness.

Such is not so with Frank Lloyd Wright, the master architect of the Twentieth Century.

His greatness was recognized early in his brilliant career and his stature has increased with the passing years.

Florida Southern College is proud indeed of the contributions which Mr. Wright has made in designing the beautiful West Campus. At every turn, one sees the touch of the master artist who creates with glass, concrete and steel.

For all of the students and for all who are associated with Florida Southern, the 1958 Interlachen gratefully salutes Frank Lloyd Wright.

Under her chairmanship in 1957-1958, many important projects for the College have moved ahead and the Interlachen expresses the gratitude of students, faculty and trustees for her interest in Florida Southern.

THE CONCERT BAND

The Florida Southern College Concert Band was founded in 1953. It is comprised of advanced student instrumentalists who present numerous concerts for the college and community. The Band's repertoire includes the works of the classicists as well as many modern contemporaries.

The Band is under the direction of Dr. Kenneth C. Anderson and is an outstanding organization on the FSC campus.

Shown here is the Florida Southern Concert Band during one of its concerts.

"Time For Books" was the theme of the annual Book Fair held on Florida Southern's campus this year. One of the largest of its kind anywhere, this year's Fair featured various members of the student body dressed as characters from Mother Goose. Short skits were presented, portraying the various types of literature; adventure, fantasy, sports and such.

Florida Southern's many services to Polk County and neighboring counties are always highlighted by the contributions of the Book Fair since its beginning seven years ago. The books used in the Fair were given to the college by interested book companies for the first Book Exposition held during National Book Week in November of 1951. The books were placed in a new unit of the library that was dedicated to Mrs. Ludd M. Spivey.

Featured here is the Theta Chi fraternity exhibit . . . Literature towards the future was the main theme of this display.

Working around the sports theme in literature was the Sigma Phi Epsilon display. . . as one of the leading fraternities in sports at Southern, the various trophies presented in Intramural Sports were shown.

The R.O.T.C. co-ed officers are chosen each year by the Regimental Staff officers and the individual companies. These co-eds represent their respective groups as their sweethearts and serve at the social functions of R.O.T.C.

The honor is bestowed upon the young women at the annual Military Ball.

Co-Ed Captains Judy White and Mary Lou Cunningham.

AT FLORIDA SOUTHERN

The Reserve Officers Training Corps was established on Florida Southern College's campus 7 years ago under the leadership of Colonel Glenn G. Dickenson. It is now one of the largest student programs and presently is headed by Lt. Colonel William R. Nealson.

Students who qualify for service in the armed forces study military science and tactics during their freshman and sophomore years. Eligible students who prove their military ability during their basic two years may be promoted to advanced courses in which they will be enrolled for an additional two years. The majority of advanced students receive reserve commissions in the U.S. Army at the end of their college careers.

Bill Hatton and Russ Sackett chat with Judy White and Pat Elliott at an ROTC reception.

COACH TOM GREENE

The Mocs try a fancy shot.

The varsity basketball team lost its share of the Florida Intercollegiate Conference title this season against stiff competition and finished up with an 11-12 mark. But considering that the squad was composed chiefly of freshmen and sophomores, Moccasin fans can look for better seasons to come.

WATER MOCCASINS

A veteran crew team faced this season with visions of winning the state championship once again after two years as an also-ran. The Water Moccasins, bolstered by six crewmen with at least two-years experience, handed Fordham University's highly-regarded oarsmen their only loss in Florida competition. But Roy Couch's charges still had before them several of the East's finest crews, including Amherst, Purdue, Rollins, Tampa, and American International College.

WATER SKIING

Under the direction of Coach Glenn Kirkpatrick, water skiing has become one of the most popular sports at Florida Southern College.

Members of the class receive expert instruction in every phase of water skiing and many FSC students become very skillful in this most enjoyable recreation.

In fact, most of the fine performers seen at world-famous Cypress Gardens come off the campus of Florida Southern . . . students and graduates.

Florida's mild climate makes this a year around sport, one that is gaining in popularity every year.

Joan Fitterling makes this look so easy.

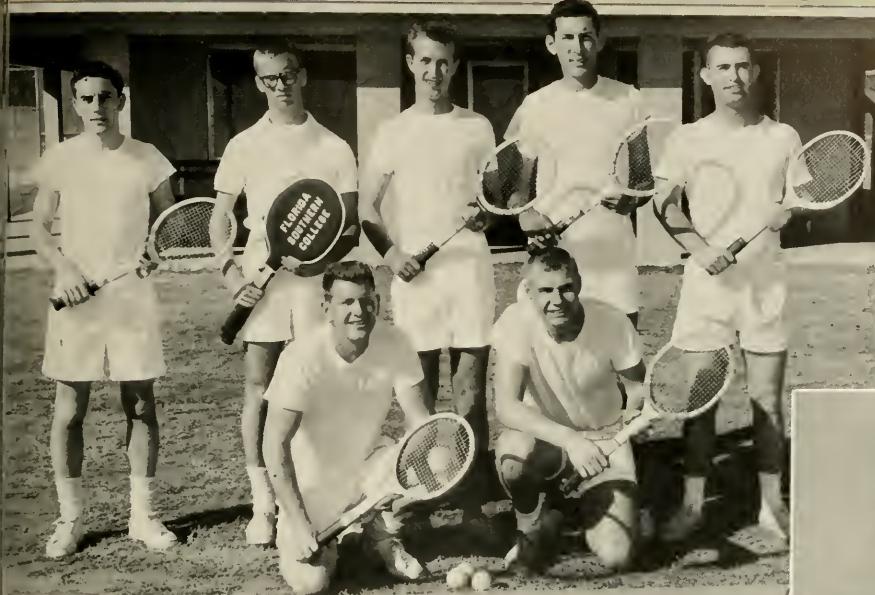

Dick McBurney and Celeste Woyak skim over the waves.

It's up and away for Bill Higgins.

The water skiing class meets at Lake Hollingsworth.

1958 TENNIS TEAM: Kneeling: Charles Black, Tom Bentien. Standing: Alfred Belcher, Alan MacDonald, Perry Klimas, Jules Toch, Whitney Convisor.

TENNIS

The 1958 soccer and tennis teams, both under the direction of Coach James O. Bush, brought to light talent for the future. Both teams, studded with freshmen and sophomores, gave good accounts of themselves during the season. The tennis team faced Princeton, Howard, Emory, Oglethorpe, Rollins, Stetson, and Jacksonville. The soccer squad finished among the leaders in the newly-formed state league in opposition with Rollins, Jacksonville, and Stetson.

Around the table is the staff of the Education Office at MacDill AFB. Left to right: A/3c Henry L. Smith, T/Sgt. Thomas N. Travis, M/Sgt. Edward F. Tindall, Major Wilbur McGill, Frank A. Collins, M/Sgt. George B. Lerner, T/Sgt. Charles A. Lumpkin, Mrs. Carolyn Adam, and A/2c Donald W. Berg, Clerk.

EDUCATION CENTER

MacDILL AIR FORCE BASE

Florida Southern College's military "annexes" at MacDill Air Force Base in Tampa and at Palm Beach Air Force Base have provided our servicemen with opportunities to further their education and to graduate with college degrees.

Courses at MacDill Field were inaugurated in the fall

of 1950. The program was established at Palm Beach five years later.

More than 125 men at MacDill Field and 16 at Palm Beach have already gone on to receive their academic degrees which will not only aid them if they return to civilian life, but also in obtaining promotions and better positions while in the service.

Two wings of the 6th Division of the Strategic Air Command at MacDill AFB fly the famed medium bomber (B-47), always in a state of readiness for operations overseas.

Principles of Accounting are mastered in this class at MacDill AFB, guided by Edward C. Knippers, Asst. Professor of Business Administration at FSC.

EDUCATION CENTER PALM BEACH AIR FORCE BASE

These three men are in charge of the college education program at Palm Beach AFB. The two Sergeants are graduates of Florida Southern College. *Left to right:* M/Sgt. Otto H. Lensch, III, S/Sgt. James A. Guggenheim, and Leonard C. Brown, III.

The Palm Beach educational center, like its counterpart at MacDill, has its classes in the evening.

The most popular course of study among the servicemen at present is education. By completing their course of study in education, the airmen are eligible to teach in the

public school system upon leaving the service.

The educational center at MacDill Field is under the supervision of Frank A. Collins, civilian education officer. Master Sergeant Otto H. Lensch, III and Staff Sergeant James A. Guggenheim direct the operation at Palm Beach.

At Palm Beach AFB men are trained to handle the cargo planes of the Military Air Transport Service, providing the air lift for world-wide operation.

Students at Palm Beach AFB enjoy the study of Religion under the instruction of Dr. Ludd M. Spivey, our retired President.

The Interlachen of 1958 expresses its appreciation to the following business concerns, whose interest and cooperation have helped to make possible the publication of this yearbook of Florida Southern College.

The editors and business managers respectfully urge that friends of the College examine the advertisements of these firms and individuals, and call upon them for service at every possible opportunity.
